Amendment #3**

*Posted November 1, 2024*

The following are official modifications, which are hereby incorporated into *RFP #20455 Behavioral Risk Factor Surveillance System (BRFSS)*. The information contained in the Amendment prevails over the original RFP language and Amendment #1 language. For all amendments below, deleted language appears in strikethrough and underlined (“~~xxx~~”) and added language appears in **red text**. Bidders should review all documents in their entirety to ensure all amended language is incorporated into proposals.

Section 4.0 Scope of Work, 4.1.5 Formative Data Collection

4.1.5.1 The contractor will conduct an annual formative data collection project related to emerging topics or priority populations with the intent of informing future content of the BRFSS. The focus of the data collection will be determined during the fall of the 15 preceding calendar year and will be finalized in collaboration with the NYSDOH. For estimating pricing, assume formative testing will include writing and revising up to 10 new questions, cognitive testing with the intended population, and collecting data on a sample of at least 100 members of the intended population. **Estimate the data collection (survey length) to take approximately 20 minutes.** This formative project will include collaborating with NYSDOH on question development, study design and mode of survey administration. Associated deliverables will include an annual study proposal, data collection, summary report of findings, dataset and codebook.
