

DIGITAL HEALTH INITIATIVE

GRAPHIC ARTIST/ILLUSTRATOR CONSULTANT

Health Research, Inc. (HRI), non-profit corporation, welcomes submissions of previously unpublished or published single-panel cartoons, comic strips, and serialized graphic novels, as well as alternative-format works that focus on the visual. We are seeking an artist to help with the season expansion of a digital comic, *Tested*. In this position, the artist will produce a rough draft of the concept for approval, incorporate changes based on feedback and request, and produce final product for release on various digital platforms. The ideal applicant is familiar with a variety of artistic mediums, and bachelor's degree in fine arts or graphic design is preferred.

We are interested in works for young adults (e.g., ages 18-40) that represent a broad range of subjects such as drama, realism and humor. We are looking for serious artistry and creativity. Interested candidates should submit works (e.g., portfolio or directions to an online portfolio) to ygetit@health.ny.gov along with a resume and cover letter by September 3, 2025.
